

F. E. Dabney Funeral Home

Homegoing Standard Service Package With Vault For Burial

F.E. Dabney Funeral Home attempts in every way to assist families in this challenging time. With the economic instability, we at F.E. Dabney Funeral Home decided to provide families with an option of a pre-packaged funeral service, which will provide distinctive services, at an affordable price. The package includes the preparation of your loved one, to include restorative care, embalming and application of cosmetics. A viewing and visitation prior to the funeral services, with your loved one lying peacefully in your choice of one of the six caskets pictured below, covered with a synthetic floral spray. A short notice and obituary listed in the Richmond Times Dispatch to acknowledge the life of your loved one. On our website, www.fedabneyfuneralhome.com, we will provide the place and time of funeral, obituary and an on-line condolence book. On the day of the funeral, we will provide a lead service vehicle to lead the family to the church, the hearse and the flower van. We will also prepare and provide up to 100 funeral programs and a register book. A digital picture frame will also be available during the viewing and visitation. A standard graveliner is included in the package price.
